ALEX MORGAN - Frontend Software Engineer
Email: alex.resume@example.test | GitHub: github.com/example-alex

EDUCATION
B.Tech in Computer Engineering, Example Institute, 2022-2026
CGPA: 8.6/10. Relevant coursework: Data Structures, Databases.

TECHNICAL SKILLS
JavaScript, TypeScript, React, HTML, CSS, Node.js, SQL, Git

PROJECTS
Student Progress Dashboard - React, TypeScript, Node.js, SQL
- Built a React dashboard used by 40 students to track assignments.
- Reduced initial page load time from 3 seconds to 1.8 seconds.
- Added form validation and keyboard navigation to student workflows.

EXPERIENCE
Software Engineering Intern, Example Labs, May-July 2025
- Built reusable React components for an internal reporting tool.
- Collaborated with designers to resolve UI bugs and improve accessibility.
- Added automated tests for forms and API error handling.
